Description

- Rugged Rip-Stop+Teflon®Shield:Lightweight military-grade weave coated with Teflon repels water, dirt, and oil so you stay mission-ready in any weather.
- 360° Freedom Fit: Articulated knees, gusseted crotch, and flex-waistband move with you from steep switchbacks to subway sprints.
- Hybrid Cargo Pocket System: Dual-access flaps + zips, quick-draw phone slot (fits 5.5"), and rear utility pouches keep critical gear exactly where you need it.
- Bar-Tacked Stress Zones: Reinforced seat, knees, and belt loops shrug off rocks, rucks, and rough landings for seasons, not weeks.
- Terrain-Tuned Hem: Built-in shock-cord cinches over boots or loosens for airflow—adapt instantly from city pavement to muddy trails.
- YKK® Hardware: Locking zippers and metal snap closure you can trust when you're dangling off a ledge or dashing for a flight.
- Utility Loop Hanger: Clip gloves, carabiners, or tools to the loop-reinforced belt channel for hands-free carry.
- Low-Profile Design: Tactical DNA, everyday aesthetic—pairs just as cleanly with a merino tee as it does with a hard-shell jacket.
